

2nd ISEV International Conference on Extracellular Vesicles in Nervous Systems

Sponsorship Opportunities

ISEV 2nd Symposium

on EVs in Nervous Systems

29-31 October 2025 | Montreal, Canada

A one-of-its-kind symposium organized by the Special Interest Group EViNS

This exciting event will be co-organized with **McGill University** and the **Neuro** (Montreal Neurological Institute, <https://www.mcgill.ca/neuro/>) in line with the success of the inaugural conference in Rome in 2023 (see <https://www.isev.org/evs-in-nervous-system-evins->) which brought together **+200 attendees** and **+45 posters** from all over the world and was highly plebiscited by all attendees:

2023 Conference, Roma, Italy

We are committed to offering another world-class lineup of cutting-edge topics and inspiring speakers, all within a dynamic, compact format that allows for meaningful discussions and fruitful interactions (**2.5 days, 5 sessions, Short talks, Sponsor talks, Social**).

To Sign Up

Review this brochure for details, reach out to contact@isev.org with any questions, and when you are ready to sign up.
